

24TH EUROPEAN COMPANY SPORT GAMES 2023

14TH TO 18TH JUNE - BORDEAUX

SOME WORDS BY ...

Didier Besseyre, President of the European Federation for Company Sport

The city and application were selected thanks to the extreme engagement of the French Federation, the city of Bordeaux, urban area and department representatives as well as representatives from tourism, economic or sport local organisations.

Internationally recognised, Bordeaux benefits from dense and high-quality sports facilities as much as lodging facilities and particularly well connected by a strong public transport system.

We are convinced that the concept of “the Games in the city” we will introduce you could help us to leverage the quality of ECSG.

By choosing Bordeaux as host city for ECSG 2023, you will discover the so special atmosphere of this city through its architecture, gastronomy, culture and climate.

We look forward to welcome you in Bordeaux in 2023 and will make our best to complete EFCS members' expectations.

Nicolas Florian, Mayor of Bordeaux

Welcome to Bordeaux!

The city of Bordeaux is proud to host the European Company Sport Games in 2023. The diversity of sports is the force of the Games and I am convinced of its success.

To offer a warm welcome to participants and the best conditions to compete, we ensure the provision of our sports facilities.

Bordeaux is a sport city; sport activities are constantly increasing.

We aim to provide the development of all in and around physical activity. Our policy is to further develop best practices for all publics

throughout the whole territory. The city of Bordeaux also supports high level sport which is the basis of Bordeaux sports policy. By doing so, it also helps democratise physical activity to the many.

Sport and business share common values: respect, solidarity, performance, team spirit. These are the strong messages you convey.

I wish full success to these 2023 European Company Sport Games in Bordeaux!

THE CITY OF BORDEAUX

Chosen as Lonely Planet's most attractive city in 2017, number two in the New York Times cities to visit in 2016, and «European Best Destination 2015"... over the course of the last ten years, Bordeaux has transformed itself, and revealed its rich personality. Boasting exceptional classical and modern architecture, and surrounded by the most famous vineyards in the world, it is a perfect symbol of the French "Art of Living". Bordeaux also has a lively cultural scene, with a new generation of young artists and musicians who have not hesitated to reinvent and create alternative versions of the "Port of the Moon" as it is fondly known - in reference to the crescent-shape followed by the Garonne river as it wends its way through the city.

THE CAPITAL OF NEW AQUITAINE

The region's wines travel as ambassadors all over the world, but Bordeaux is also happy to play the host and receives increasing numbers of visitors! The new highspeed train line that connects to Paris in just two hours, the cruise ships that dock in the city centre, and the numerous airlines offering direct flights, have created an accessibility that has propelled the city to its position of capital of Nouvelle Aquitaine, the largest region in the country, covering the entire South-West. The Bordeaux region is known for the Dune du Pilat, the oyster ports in Arcachon bay, the vines in Pessac-Léognan, the wild, unspoilt Atlantic coastline, the conviviality of the Basque Country... and its vast preserved spaces that give it the feel of a «French California».

BORDEAUX: AN EFFERVESCENT, CREATIVE CITY

An endless source of inspiration, Bordeaux attracts numerous artists and cultural projects. The city has one of the liveliest music scenes in France, with unusual urban venues springing up in each neighbourhood, and a flourishing street art community that takes pleasure in covering Bordeaux's walls.

GASTRONOMY AND THE FRENCH LIFESTYLE

Bordeaux encourages us to take the time to enjoy life, and savour its simple pleasures. A pleasant climate, UNESCO world heritage architecture that nonetheless remains on a human scale, numerous pedestrian streets and delightful little squares, welcoming cafés and bars, designer shops, a new guard of audacious young chefs offering exciting flavours and culinary combinations, a stroll in the beautifully laid out parks, or along the quay... The entire city's traffic flow system has been reorganized and complemented with a network of cycle paths. Here everyone can set their own pace, and enjoy the vibrant energy that pulses through the city.

BORDEAUX: THE INTERNATIONAL CAPITAL OF WINE

Once again this year, Bordeaux is celebrating wine with its spectacular biennial festival that attracts visitors from around the world. Bordeaux's wine producers and wine merchants offer this unique opportunity to taste wines, and discuss them with wine professionals. The region has been blessed with an incomparable variety of soil types that produce exquisite nectars every year. The oldest and largest area in the world that produces fine wines, Bordeaux includes 65 appellations and covers 111,000 hectares. Hundreds of wine-producing properties, or châteaux, open their doors to visitors and are happy to reveal the secrets of how they make their wines. There are many different ways to journey through this magical land: by boat, on horseback, on foot, in a group or a personal tour... An opportunity to experience a powerful heritage and strong characters, and to taste the resulting wines!

TRAVEL TO BORDEAUX...

Bordeaux hosts sports and international events year round and offers optimal conditions to travel to and from the city.

Everything is implemented to facilitate access from wherever you come!

1) INTERNATIONAL AIRPORT

In 2019 Bordeaux airport offers 126 direct flights serving 96 destinations over Europe and many charter flights available. It benefits direct connections with most of the European countries.

Therefore, Bordeaux airport benefits from daily connections with 9 of the 10 main European hubs: Paris (Charles de Gaulle), Amsterdam, Frankfurt, Istanbul, Madrid, Barcelona, London (Gatwick) Munich and Rome.

DID YOU KNOW ?

In 2021, completion of the extension of the tramway line will connect the city center of Bordeaux to the airport. Participants of the ECSG 2023 will be taken in charge by the organization as soon as they arrive at the airport and enjoy unlimited public transport.

A connection every 10 minutes!

2) BY TRAIN IS NOW VERY EASY !

Since 2017 and the achievement of the high-speed railway, Saint-Jean station has become the South West hub.

33 direct routes are available daily with Paris and 5 of them with Paris CDG airport placing Paris only 2 hours away from the 2023 European Company Sport Games. Thanks to new fast trains, Paris will be located just 2 hours from the ECSG 2023 !

FROM THE RAILWAY STATION OR THE AEOPORT, THE CENTER OF BORDEAUX AND THE ACCREDITATION CENTER OF THE EUROPEAN COMPANY SPORT GAME WILL BE ONLY 20 MINUTES.

GET AROUND BORDEAUX...

During the 2023 European Company Sport Games in Bordeaux participants will have unlimited access to public transport, four tram lines (the D line will be in operation in 2019) and bus network. From the moment participants step foot in Bordeaux, members of the ECSG2023 will take them in charge to enjoy Bordeaux's transport system.

Bordeaux ECSG 2023 was thought around the four tram lines. Located within 5 minutes from a tram station all the sport venues – except for the three golf courses, accommodation and gathering venues – accreditation centre, opening and closing ceremonies, nighttime activities... are easily accessible. Furthermore, the tram serves the main touristic sites.

Trams every 4 to 10 minutes in operation from 5.30am to 1.30am, life couldn't be easier and faster to get around the ECSG2023!

It's hard to make it easier and faster ... to move around the ESCG 2023!

For those who ride bikes rather than trams, Bordeaux was ranked 6th most cyclable city in the world in 2017 (Copenhagenize). With 241 kilometres of cycling route in the metropolis, cycling to the sports venues will be easy and safe. A self-service cycle hire scheme is also available in Bordeaux with a total of 172 terminals.

ECSG2023 : THE GAMES IN THE CITY

Proximity, conviviality and gathering

As mentioned above, the 2023 Games were designed to ensure ease of travel and access for all participants. Also, the selected accommodation and sports venues are concentrated in 3 major sites (located on the B and C lines of the tramway) which will generate a friendly atmosphere and gathering dear to all the participants.

Gathering places in the hearth of Bordeaux.

Hangar 14 will be the heart of the ECSG 2023 at the the crossroad of the four tram lines, sports venues and accommodation. Located on the riverbank, the 6,000m² large building will serve as accreditation centre, general office and sports venues for chess, darts and health and wellness activities.

Daily nighttime activities and animations will be organized. Free concerts for the participants and possibility to eat for those who have made the choice, the Hangar 14 will be THE place of gathering of the European Company Sport Game ...

The opening and closing ceremonies held on the Quinconces square will only be a few minutes away by foot or two tram stops from Hangar 14. Well-known for being a major gathering spot in Bordeaux (Euro 2016 Fan zone), the Quinconces square is the best place to open and close the ECSG2023!

Three main sites for accommodation and sports to guarantee a friendly and atmosphere

Still within 5 minutes of a tram or bus stop, all the sports facilities are concentrated on 3 «big sites» in order to preserve the spirit of the games and to offer a maximum of disciplines in the same places. It will be easy to watch and encourage colleagues from other disciplines during the day! Sufficient accommodation in all categories was chosen for the participants on these 3 sites and between these 3 sites on the tram lines.

ECSG2023, Games organised in the heart of a dynamic city where History, culture, gastronomy and international event expertise come together.

25 sports on three main sites. 2 tram routes to connect them all. And everything within 7 kilometres. Bordeaux 2023 is the ideal destination for the future European Company Sport Games!

SPORT PROGRAM

Between tradition and novelties

The European Company Sport Games 2023 in Bordeaux already offers 26 disciplines in competitions.

In addition to this traditional program, the organizing committee wishes to incorporate several new features for this 24th edition:

DRAGON BOAT

The dragon boat is a Chinese ancestral boat originally legendary. The boat, richly decorated with a dragon's head at its bow, measures nearly 12m long by 1m20 wide. Its weight varies between 250 and 300 kg.

It has about twenty crew members: 9 paddlers on each side, a helmsman in the back, and a «drum» that beats the pace.

Organized on Saturday 17 June just before the race off stage in an atmosphere that we hope to memorable!

HEALTH AND WELLNESS

Non-competitive activities

Leisure activities will be integrated to open this event to as many people as possible.

For example, hiking, Nordic walks and cycle tours to discover the city and the region.

But also activities called «sport-health» (stretching, fitness, zumba, aquagym, Pilates ...)

DO YOUR GAMES

Vote for a new discipline

Another novelty, we will organize until the next European Games in 2021, a voting system so you can add new disciplines to the official program. Your favorite discipline is not on the program?

Depending on your votes, we will add 2 or 3 disciplines to the official program!

WINE TASTING

How to organize an international event in Bordeaux without highlighting the wine?

We will offer interested people a complete program around oenology (visits of castles, tastings, city of wine ...). Specific entries in the same way as all sports will be proposed to add a cultural and gastronomic dimension to our organization.

PARTNERSHIP AND EXPERTISE

The European Company Sport Game in Bordeaux in 2023 have the support of all economic, sports, tourism and public authorities. In addition, the city of Bordeaux as well as the French Federation of Company Sport which will compose the organizing committee both testify to a strong and historical expertise in the coordination and hosting of large international events :

Thus, the city of Bordeaux hosts each year several international sports and extrasports gatherings of several thousand participants:

- 2016 EUROPEAN FOOTBALL CHAMPIONSHIPS
- RUGBY WORLD CHAMPIONSHIPS IN 2023
- OLYMPIC GAMES IN 2024 (FOOTBALL AND SURF ON CANDIDATURE)
- MARATHON OF BORDEAUX
- INTERNATIONAL JUMPING
- VINEXPO (50,000 people)
- BORDEAUX CELEBRATES THE RIVER

The French Federation of Company Sport will be the project owner of these European Games 2023; With 1000 to 1500 French participants in each edition of the European Company Sport Game, they have a good knowledge of what the participants expect from such an event.

Every year, they host national and international events that bring together thousands of participants. They adapt to the geographical context and the specificities of each territory because they organize these events in different cities year after year:

- National Games of Company Sport: 3000 participants - 8 editions in the four corners of France and even in the Caribbean!
- World Company Sport Game in La Baule in 2018 (50 countries and 5,000 participants)
- European Company Sport Game in Clermont Ferrand in 2005
